

Supernova Class Association Loan Boat Loan Agreement

As a member of the Supernova Class Association, I agree to the loan of the Supernova loan boat listed below.

I understand that if I don't already own a Supernova, there is a fee of £50 to pay to the Supernova class for the loan and that this will be refunded by the class on request if I go on to buy a Supernova.

I understand that it is my responsibility to arrange the handover of the loan boat with both the previous and the next loanee and that I will complete a handover sheet confirming the presence and condition of all parts of the loan boat package at each handover.

I understand that I am expected to work with the previous and next loanees to arrange mutually convenient locations for handover of the boat. I understand that this will typically be midway between my location and the previous/next loanee, although this is subject to negotiation between myself and the respective loanee.

I understand that I am responsible for paying the excess of £250 in the event that a claim needs to be made on the insurance.

I understand and agree to the following rules regarding my use of the loan boat:

- I must not allow anyone else to sail the loan boat during my loan period and I understand that the insurance is only valid for the person(s) named below.
- I must only sail the loan boat at my home club as listed below and at any Supernova open meetings or championship events that I attend.
- Safety boat cover must always be available when the loan boat is being sailed.
- I must provide and wear a buoyancy aid at all times whilst sailing the loan boat.
- I must wear appropriate sailing clothing for the weather and time of year.
- I accept that my safety whilst sailing the loan boat is my own responsibility and that the Supernova class is not liable if I am injured, irrespective of the cause of the injury.
- I am responsible for inspecting and assessing the seaworthiness of the boat each time it is to be sailed, as though it was my own boat. I understand that if I have any concerns regarding the condition of the boat or my ability to make such an assessment, I must not sail it.
- I confirm that my car insurance covers me whilst towing if I intend to tow the loan boat.
