

Sponsorship Requirements

In accordance with section 20 of the Sailing Instructions you are required to comply with this document. Competitor not displaying supplied advertising material may result in **disqualification without a hearing**. This changes RRS 63.1 and A5.

We are delighted to be supported by Hartley Boats www.hartleyboats.com and Allen www.allenbrothers.co.uk. These organisations have provided financial support and prizes to help make this event possible, our thanks go to these organisations and you should remember them when you need to upgrade parts of your boat.

When you arrive, you will need to collect a bag from the designated registration point. In this bag you will find an Allen Shackle Key provided by Allen, and a rash vest which is enabled by the support both Hartley Boats and Allen have provided. We hope that you will find these useful and these recognise the level of support provided.

The Allen Shackle Key is a keepsake which am sure you will find helpful in rigging your boat at the event.

The rash vest is yours to you with what you please after the event, but during racing you are required to wear it.

Specifically, whilst racing you **MUST** wear the rash vest on top of all other sailing clothing including your Personal Floatation Device so that it is visible at all times. It must be worn the correct way round and with the Hartley Boats and Allen text presented on your chest and the Supernova Logo on your back. Please see the images below to illustrate this.

Again, for clarity a competitor not displaying supplied advertising material as described here may result in **disqualification without a hearing**. This changes RRS 63.1 and A5.

We are fortunate to have retained the services of Peter Mackin www.pdmphoto.co.uk as our official photographer, and I am sure you will agree that Peters high quality images we will show the class off in the best possible way particularly with the rash vests enabled by Hartley Boats and Allen.

Finally, should you be minded to post on social media pictures and comments of the event we would ask that you credit **@Hartley boats @Allen Sailing @plymouth youth sailing @Mount Batten Watersports and Activities Centre and @Supernova Dinghy Class Association**
